

MPHIL EDUCATION LEADERSHIP AND MANAGEMENT

Syed Ahsan Ali and Syed Maratib Ali School of Education (SOE) The Lahore University of Management Sciences (LUMS), established in 1985, is a leading regional academic institution with a proud history of achievement. It has played a key role in producing professionals who have made an impact across the world in Business, Science and Engineering, Law and Humanities and Social Sciences arenas. The Syed Ahsan Ali and Syed Maratib Ali School of Education (SOE), the fifth school at LUMS, continues the University's tradition of academic excellence and world-class facilities.

THE SOE ADVANTAGE

Education Leadership:

Aims to produce a new class of strategic leaders equipped with the ability to give the required direction to the fast expanding education sector.

Eminent Advisory Board:

The School is privileged to have a highly distinguished international Advisory Board comprising faculty and experts from world-renowned universities and organisations including Harvard University, University of Cambridge, New York University and the World Bank among others.

Faculty Expertise:

LUMS SOE faculty are distinguished individuals hailing from top international universities such as Harvard, Columbia and Cambridge.

Collaborative Environment:

Group discussions and teamwork are an essential part of the SOE ethos, emphasising a collective approach to problemsolving.

Flagship Curriculum:

The programme combines rigorous academic coursework with in-depth practical training to produce education leaders who are strongly rooted in research policy and practical thinking.

Extensive Field Engagement:

Embeds extensive practical engagement as a part of the curriculum, placing students through its 'Practicum' semester with organisations for field-based learning of education decisionmaking.

Strong Partnerships:

The Teaching and Learning Initiative (TLI) is a central component of SOE for facilitating students to access practitioners in the education sector. TLI is envisioned as a vibrant platform for creating meaningful engagements through field work and hands-on learning. Through such partnerships, SOE will also create job opportunities for its graduates.
