LUMS Logo Elements

The LUMS logo is designed to prompt instant recognition of the University. To ensure that it always achieves this, the logo must be used consistently as outlined in this document.

The logotype of LUMS is the main element and it is integral to use it correctly as per the specifications. It can be used separately or combined with the LUMS extended university name but never can be used in any other combinations. It must always be reproduced from artwork approved by the Office of Marketing and Communications or from the Office's own authorized data files.

To ensure its impact, the logotype has been carefully crafted to be distinctive, memorable and easily readable. It is also very flexible as it is easily adaptable for a wide range of media usage.

The LUMS logo is made up of four elements:

-  1 The main arch
-  2 The three lozenge shaped leaves demonstrating growth in every direction
-  3 **LUMS** The letters 'LUMS'
-  4 **انجمن سلاطین**
The university motto which means "Knowledge is ammunition."
This stresses the point that the pen is mightier than the sword
and being armed with knowledge is the best weapon.

The four elements will be used together at all times as shown below:

These elements should not be used separately. However, an exception can be made for the emblem only (arch/leaves/motto/LUMS letters).

LUMS Logo

The precise specifications and measurements of the logo are described in terms of X. If 1X is the height of the element (as seen in the figure above) in the LUMS emblem, then the length of the LUMS logo is taken as 15.9X.

The complete height of the LUMS logo is 4.2X and the height of the LUMS logo type is taken as 2.5X.

The length of the emblem is 5X with a distance between the emblem and the logo typeface of 0.8X, followed by the logo typeface of length 10.1X.

LUMS Logo Exclusion Zone

A minimum area of clear space should always be kept around the logo to ensure that it stands out clearly. This is the exclusion zone, and it is determined by the clear space left on all four sides of the LUMS logo of 0.5X.

The exclusion zone applies to all sizes and versions of the logo, and should be used consistently.

LOGO Minimum Size 0.5 Inch

The minimum size of the LUMS logo should be 0.5 inches (height).

LUMS Logo With Other Identifiers

The primary LUMS logo will be standardised throughout all collateral. This includes brochures, pamphlets, leaflets, backdrops etc. The visibility of the primary LUMS logo is mandatory. As per the design requirement, the position can be altered but the prominence must be ensured as not to undermine it compared to the other organisation.

Please note:

LUMS Logo as Branding for Full Video

Only on client request; the LUMS Logo (emblem only) can appear and stay throughout the video on the top left corner.

Concern:

Branding the whole video is an obsolete practice and its not recommended but can be facilitated on the client's request with the logo appearing in the stated position.

LUMS Logo and Tagline Lock-up

When the tagline appears with the primary logo, these elements are known as the logo and tagline lock-up. This means that they are locked into this specific relationship to one another and form a single unit. The elements may not be rearranged or the relationship altered in any way to change the logo's graphic integrity.

In cases where it is necessary to give the tagline more visual priority, the tagline wordmark should be used instead of the logo and tagline lock-up. In those instances, use the visual of the wordmark.

LUMS Logo on Souvenirs

The placement of the LUMS Primary Logo will always require judgement by the designer as per the design requirement.

Ideally, the Primary Logo should be used prominently on all souvenir items. These may range from clothing to mugs or from pens to notebooks. The logo can be positioned to the right, left or centre and is dependent on the design requirement of the specified item.

The emblem of the logo may be used where the shape/size of the item does not lend itself to application of the standard logo, however the primary form is preferred.

LUMS' visual brand uses three fonts, they are:

- Times
- Berkeley
- Myriad Pro

Only four font styles are used for the logos involving school names, centre names and degree names:

- Times – for the LUMS word mark
- Berkeley (Oldstyle Bold) – degree name
- Myriad Pro (Semibold) – degree specialisation
- Myriad Pro (Bold Condensed) – school name/centre name

The families of the Berkeley and Myriad Pro typefaces are available for use as and when required. The variety of font weights and widths within each of these typefaces, will provide ample flexibility and consistency for the LUMS brand identity.

Consistently using these typefaces will give LUMS material (written material, multimedia, websites, backdrops, banners etc.), a unified look.

No other typefaces should be used.
