## *Be a Leader of Education Reform*

Founded in 1985 as a not-for-profit, LUMS has pioneered innovative educational trends, and is dedicated to making education inclusive by addressing academic and socio-economic barriers to broaden students' academic exposure and make education accessible to all.

The Syed Ahsan Ali and Syed Maratib Ali School of Education (SOE) builds on this legacy by cultivating leaders and researchers who are committed to driving meaningful reform across Pakistan's education landscape.

## WHY MPhil EDUCATION LEADERSHIP AND MANAGEMENT AT LUMS?

The MPhil Education Leadership and Management (Full-time and Weekend Track for Executives) programme offers a transformative journey that combines rigorous academic training with practical leadership development. The programme equips professionals to address real-world challenges in education and lead a dynamic education reform agenda for Pakistan.

### THE SOE FACULTY

The faculty includes scholars trained at globally renowned institutions, bringing international perspectives to the classroom. Deeply embedded in Pakistan's education reform landscape, their mentorship supports students to conduct field-based research and develop real-world solutions.

# THE SOE ADVANTAGE

## I Education Leadership

SOE aims to produce strategic leaders equipped to give direction to a fast-expanding education sector.

## I Eminent Advisory Board

The School benefits from an international Advisory Board comprising experts from leading universities and organisations like Harvard, NYU, and the World Bank.

## I Faculty Expertise

SOE faculty include distinguished scholars from leading universities like Harvard, Columbia, and Cambridge.

## I Collaborative Environment

Group discussions and teamwork are central to SOE's collaborative problem-solving approach.

## I Flagship Curriculum

Students engage in rigorous academics, and hands-on training to become research-driven, practice-oriented education leaders and policymakers.

## I Smart Classrooms

SOE's smart classrooms enable high-quality, interactive remote learning through advanced audio-visual and connectivity tools, connecting students and faculty with partners across Pakistan and abroad.

## I Strong Partnerships

SOE's Partnerships Office serves as a dynamic hub connecting students with education sector practitioners, fostering hands-on learning, fieldwork, and career pathways.

## I Diverse Class Profile

SOE brings together diverse professionals—teachers, non-profit workers, corporate employees, and entrepreneurs—united by a shared commitment to lead education reform.

## I Extensive Field Engagement

The MPhil ELM programme at SOE integrates field-based learning through a dedicated 'Practicum' semester in collaboration with partner organisations.

## CAREER PROSPECTS

The MPhil ELM degree opens a variety of career opportunities in public, private, and international organisations, including roles such as:

- Administrators
- EdTech Experts
- Educators
- Entrepreneurs
- Researchers
- Policymakers
- Practitioners

91% of our graduates secure employment within the first six months of completing the programme, while 4% go on to pursue PhDs at leading international institutions.

“Bringing about impact in the education sector seemed like a daunting process previously, but the faculty provided us with the necessary knowledge and tools that transformed my worldview and motivated me to engage actively with the challenges of Pakistan’s education landscape. The programme clarified the direction of my career trajectory, and I am truly grateful to the SOE faculty and staff for providing an ideal learning environment, and being personally invested in our success.
