Admission to all programmes is purely on merit and independent of students’ ability to pay the related tuition fees. Once a student has been admitted to a programme, there are several mechanisms in place to provide financial support based on need and merit. All awards are reassessed each academic year based on performance, need, available resources and prevailing University policies. LUMS is committed to providing as much financial assistance as possible within the limits of its available resources. Nevertheless, the University may not be able to meet all requests for financial assistance, and it is strongly recommended that applicants secure as much of their own funding as possible.

Welcome to SHAIKH AHMAD HASSAN SCHOOL OF LAW

LUMS is a unique destination for lifelong learning. The Shaikh Ahmad Hassan School of Law (SAHSOL) at the University combines the richness of a liberal arts education with a professional training in law. The School offers a five-year BA-LL.B (Honours) degree recognised by the Pakistan Bar Council (PBC) and the Higher Education Commission (HEC) as a qualifying law degree.

Message from the Dean

SAHSOL, in partnership with Wuhan University, China, has set up the Centre for Chinese Legal Studies at LUMS. The Centre will serve as a hub for shared legal resources and will facilitate the exchange of teaching and research personnel. It will also broaden the legal knowledge base and equip lawyers to work on Pak-China projects. The mutual collaboration on research projects and exchange visits will build intellectual capital between the two countries.

Career Prospects

- Solicitors at National and International Law Firms
- Lawyers and Advocates at High Courts
- Legal Counsellors at Multinational Companies e.g. The Coca-Cola Company, Habib Bank Ltd.
- Central Superior Service (CSS)
- Private Business Ventures
- Law Officers at NGOs, Chambers and Financial Institutions
- Legal Advocates at Policing Bodies
- Pursue LL.M Overseas

The BA-LL.B Programme is designed in such a manner that one is able to garner knowledge from various streams offered at different Schools across LUMS. I had only learnt new skills and lessons in the classroom, but the diversity of the student body also educated me in innumerable ways. Had I not been at SAHSOL, I would not have been the person that I am today.
